OutdoorCam
Color Outdoor Security Camera
with Day / Night Vision

The Swann OutdoorCam Security Camera is a versatile security solution that suits both indoor and outdoor applications.

Featuring a robust, weatherproof metal casing, the camera is ideal for areas subject to dust, rain or other wet environments.

Providing clear color images during the day, the camera automatically switches to black & white mode at night, while the infra-red LEDs project invisible light up to 16ft/5m! Now, you can monitor your premises at night or keep an eye on areas such as stairwells, secluded corners or alleyways that usually have little light!
